# Sunny Day Acres

BEAMING WITH BALANCE

## Training Trainers Workshop

**Want to learn how to properly assess and rehabilitate dogs? This workshop is ideal for rescuers, fosters, shelter staff and volunteers, trainers, and anyone who's looking to gain more knowledge on dog behavior and rehabilitation. We know that it can take a village to fully rehabilitate and rehome a dog, so we've designed this non-profit program to help teach more individuals how to help with this process.**
